ANNOUNCEMENT OF CHANGE OF BUSINESS NAME AND CONTACT INFORMATION

Effective immediately, the Western Washington Rural Health Care Collaborative new legal name is **Washington Rural Health Collaborative** (the Collaborative). In the last year the Collaborative has grown from 10 to 13 member hospitals and covers several areas in Eastern Washington as well as Western Washington. The name change more clearly reflects our expanded membership.

The Collaborative has been in existence since 2003 and currently consists of 13 Critical Access Hospitals, all separately governed serving rural areas in Washington State. The Collaborative has a demonstrated history of delivering value to its members and the rural communities they serve by forming alliances to jointly act to improve the quality and efficiencies of health care services while reducing costs. Our strength has always been our ability to come together to achieve much more as a group than the individual members could ever hope to achieve separately.

There will no change in the management, tax ID numbers or billing addresses and we will continue provide the same services to our members and partners. We look forward to working with you at the Washington Rural Health Collaborative.

New business name and contract information effective immediately:

Washington Rural Health Collaborative
